MARSH FURNITURE  
C O M P A N Y

## MAPLE

.....

Maple is a hard and dense wood with a close grain that is relatively subtle in appearance. The color range runs from white to yellow and brown. When a light finish is applied, these variations are visible and should not be considered defects.

*Doors shown in Sienna.*

ARCH FLORENCE

BRUNSWICK

### Available Finishes

- Alpine\*
- Autumn
- Café
- Cordovan
- Espresso
- Graphite
- Greystone\*
- Ivory\*
- Linen\*
- Natural
- Onyx\*
- Sienna
- Tuscany
- Wheat

*Hand-wiped glaze available.*

**\* Upcharge finish**

## OAK

.....

Oak is an extremely hard wood with open grain. The grain pattern may vary from a tight to wide pattern with coarse texture. In Oak wood's natural state, colors may range from brownish with a red tinge to light yellow. Variations in tone are more visible with lighter finishes and should not be considered a defect.

*Doors shown in Natural.*

ARCH PARKWOOD

ARCH BELWOOD

### Available Finishes

#### Parkwood and Belwood

- Medium
- Natural

#### Cambridge Oak

- Autumn
- Café
- Espresso
- Natural
- Sienna
- Tuscany

*Accent glaze available.*

# WHAT'S YOUR style and finish?

## CHERRY

Cherry is a moderately hard wood, heavy and strong with red undertones. It may range in color from a light to dark reddish brown. These variations are often quite visible with natural or light finishes while appearing less on darker stains and should not be considered a defect.

*Doors shown in Sienna.*

### Available Finishes

- Autumn
- Café
- Cordovan
- Espresso
- Graphite
- Sienna
- Tuscany
- Wheat

*Hand-wiped glaze available.*

## BIRCH

Birch is a medium-hard wood with plain and closed grain. The grain is often characterized as a curly or wavy pattern. It is predominately a light yellow wood that takes stain very well. When a finish is applied the wavy and curly grain absorb stain and reflect light in such a manner as to enhance the actual characteristics of the species and should not be considered a defect.

### Available Finishes

- Alpine\*
- Autumn
- Café
- Cordovan
- Espresso
- Greystone\*
- Ivory\*
- Sienna
- Tuscany
- Wheat

*Accent glaze available. Doors shown in Sienna.*

## WHITE

Thermofoil is easy to clean and maintain. It is pressure bonded to a substrate of medium density fiberboard (MDF) for durability and longevity.

# CHOOSE YOUR options.

## CABINET CONSTRUCTION

**Standard:** Cabinets are constructed with industrial grade particleboard. The cabinet interior is either finished with natural or white laminate. The sides of each cabinet are finished to match color chosen for doors and drawers. Hardwood frames are standard on all cabinets.

### Upgrade options:

**Plywood Cabinets:** (ordered as PC) Cabinets are constructed from plywood. The exterior and interior components are finished in natural birch veneer. However, if a matching end is desired, these can be ordered as a Finished End (FE). The drawer that comes as standard in this cabinet is a 5/8" birch veneered plywood.

Drawer box upgrade options are available.

**\* In order to flush out an end, an overlay end is required. (order as OE)**

## DRAWER BOX

	Available with Cabinet	Upgrade Option
Drawer Box	Standard 5/8" Particleboard	Plywood (order as PC) 5/8" Thick Birch Veneer Plywood
Colors Available	Natural Maple or White Laminate	Natural
Drawer Guides	Side-Mounted Epoxy-Coated Steel 3/4 Extension	Concealed Epoxy-Coated Steel Full Extension
Soft Close	No	Yes
Weight Capacity	75 lbs. per Drawer	75 lbs. per Drawer

### Ask about Softclose!

Softclose for doors is a new anti-force feature. Designed to prevent slamming, this device keeps little fingers from being harmed. It can be quickly installed into cabinets without any change to the hinge assembly. Works for both Full and Standard Overlay. (Order as DSCK)

1. Standard
2. Plywood
3. FX

**Drawer Base cabinet shown. Drawer heights are subject to cabinet chosen.**

**Standard Drawers:** (supplied with cabinets unless upgrade is chosen) Box is constructed with 5/8" thick particleboard in natural maple or white laminate. The drawers are fitted with guides to allow for a 3/4 extension which gives use of 75% of the drawer. There is a maximum weight capacity of 75 pounds per drawer.

# WHAT'S YOUR glaze?

FLORENCE CHOCOLATE

FLORENCE CARAMEL

FLORENCE ALABASTER

Hand wiped glazed finishes are produced by applying a contrasting glaze finish coat over our standard finish. The glaze is then removed by hand wiping. This process leaves the contrasting glaze in the grooves and corners, enhancing the overall color tone. A clear topcoat is then applied to lock in the subtle, hand finished appearance. Each is oven-cured for finish durability. (Doors shown are Maple Florence and used as a glaze representation only.)

CAMBRIDGE CHOCOLATE

CAMBRIDGE CARAMEL

CAMBRIDGE ALABASTER

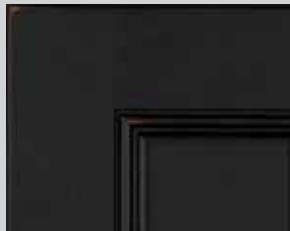

Accent glazed finishes are produced by hand-applying a pigmented glaze in the recessed areas of the doors and drawer fronts. This enhances the design and profile without affecting the base color. The process is completed with the addition of another topcoat and oven-curing to ensure a long-lasting finish. Available in select door styles only. (Doors shown are Oak Cambridge and used as a glaze representation only.)

MOCHA

**Note:** Mocha glazes are only available on painted door styles. Please consult your catalog for availability.

ONYX

Onyx is achieved by applying a black paint over our Sienna finish. Burnishing occurs when random areas are hand sanded revealing the Sienna color underneath, making each cabinet unique in appearance. A final topcoat is then applied and each piece is oven-cured to provide a lasting finish.

**Note:** Onyx finishes are not available with glazes. Please consult your catalog for availability.
